

ITS-SIDS Training Update

Any individual who is providing ITS-SIDS training must have been trained (in a *train the trainer* session) by the North Carolina Healthy Start Foundation. The current list of approved trainers can be accessed at:

<http://www.nchealthystart.org/ITS-SIDS/index.htm>.

At this time no new train the trainer sessions have been scheduled.

There are local agencies in your area that may provide ITS-SIDS training. The Provider Contacts link on the Division of Child Development's website www.ncchildcare.net can be accessed by choosing the "Providers" tab and then the "Provider Contacts" tab.

If you have any questions please call the Healthy Start Foundation at (919) 828-1819 or the Division of Child Development In-service Training Consultant at (919) 662-4567 or toll free 1-800-859-0829 (in state calls only).
